

António Correia aka Pantonio

Pantonio, natural from Azores, Atlantic Portugal, is one of the major artists of the Portuguese street scene. Pantonio has developed a very personal visual vocabulary and a strong graphic style with remarkable amplitude, based on "the intuitive drawing movement and fluidity between elements".

Pantonio's work can be seen mostly all over the world, from Lisbon to Singapore. Since last May Pantonio has been working as invited artist of Casa da Cerca, Almada. Visitors are welcome to be part of that working progress and they can also talk to the artist.

Spring Research School

You will be given the chance to interact with researchers from a wide range of backgrounds, exchange insights, debate opinions, and expand your networks contacts. Young researchers will be able to immerse themselves in the Portuguese culture, while experiencing its education system and political institutions. Moreover, they will be exposed to Latin-American studies, focusing on Iberian and European issues. The Spring Research School is a joint initiative between the Sam Nunn School of International Affairs (Georgia, USA) and the Political Observatory (Lisbon, PT).
